

MARCH 2010

COMMERCIAL

With extensive experience as a corporate executive Lyndon understands the commercial potency of the right image. He is in a position to either simply be the professional hand holding the camera to bring your vision to life, or he can act as a consultant and photographer, responsible for both the design and the creation of your photographs.

In business time is money. Lyndon offers a quality product with prompt and efficient and service.

Costs for Hawkins Photography Commercial ::

All corporate commissioned work is quoted on a job by job basis. We customise all projects to suit your specific requirement. Please contact us to discuss your needs and we would be happy to arrange costs.

Services that Hawkins Photography offer ::

1. DIGITAL NEGATIVES of all processed shots. In the digital age where time is of the essence, the use of digital files means speed. We submit our digital files on a CD or via email at very high resolution. These images will be tailored to your commercial campaign to suit the exact purpose.
2. Architecture is a speciality of Hawkins Photography. With extensive experience in the building industry, we have a keen eye for detailed features and are happy to shoot all facets of building, landscaping, interiors and exteriors.
3. Corporate environmental photography.
4. We work with the highest quality printers to print both large scale commercial graphics, as well as print media. Speak with us about your requirements.
5. Any other specific requirements you might have? Please contact us.
